Notice of City of Bonham, Texas Water Meter Implementation Project

Dear Citizens,

Starting January 2021, the City of Bonham will begin work to remove and replace the water meter providing service to our customers. Work will be done by workers wearing a yellow safety vest with the logo "Ameresco". Their trucks will be marked with the same logo.

Individual meter replacement is anticipated to take approximately 15 to 30 minutes, during which the water to your home or business will most likely be shut off.

If you have any questions, please feel free to contact the City of Bonham Utility Department at 903-583-7555 or send us a message at www.cityofbonham.org.
